

Lee's Summit Council:

The Lee's Summit Reading Council is excited about this year's projects and activities. Our members are generous with their time, talents, expertise, and resources as we strive to learn more about effective literacy practices.

We are proud to have a State Poster winner. Olivia Faulkner, a second-grade student from Prairie View Elementary was the artist for the back cover of The Missouri Reader. Another project allowed us to send over 100 books to our new friend, Beatrice Bongli. Beatrice is a teacher trainer and head of the Department of Languages in Cameroon. These books will help the teachers there to start a library for their students.
